RESIDENTS PROTEST TRAILER IN N R

WOODLAND DRIVE RESIDENTS MEET WITH SELECTMEN

NORTH READING

An impromptu hearing was held last Thursday night in North Reading.

When about 25 to 30 residents of the Woodland Drive area arrived to protest the two trailers situated on Mt. Vernon Street. The residents stated that a trailer had been on the land of Howard King for three years and that recently, since the first of January, another trailer had arrived. They alleged that electricity, gas and water had been hooked up to the trailer from the house and that they believed one or both trailers were being used for residences. Some discussion evolved around the actual definition of physical occupancy. Town Counsel, John Canino, quoted the By-Laws pertaining to trailers, and stated that he would take the names and addresses of all those who would be willing to appear as witnesses in case the matter goes into court. Most of those present signed Mr. Canino's list.

Selection Statute suggested that the By-Laws be changed to effect that trailers would only be allowed to occupy space in business areas, but Town Counsel questioned the legality of any law making it illegal to have a vehicle parked in someone's yard.

The Board stated that they would take immediate action to remedy the situation, insofar as it was legally possible. Later in the evening Chief of Police E. Hodson Rodgers reported that the Police Department had seen definite signs of habitation in the trailer. Also later in the evening the Board held a conference with Henry E. Stickney, Chmn. of the Board of Public Works, and requested that he look into the situation to ascertain whether there was an illegal tie-in with the water supply of the house on the property and requested that their water be shut off.

If there was a violation, Mr. Stickney agreed to look into the matter immediately.

OTHER BUSINESS

Attorney Howard Klein, Clerk and Director of Levaggi's, Inc., met with the Board regarding their 1961 liquor license. In the confusion caused by the late Mrs. Florence Levaggi's death so near the first of the year, the license had not been renewed. Since Mrs. Levaggi's death, Mrs. Agnes McDonegal, sister of the deceased, has been appointed general manager, and Levaggi's Inc., intends to renew the license if possible. The Board instructed the Town Counsel to give a legal ruling on the status of the license at their next meeting on January 12.

John Hodson, of the Ipswich River Committee, appeared before the Board with a petition, containing 150 signatures, which requested further dredging of the Ipswich River. He stated that Representative Frank Tanner had told him that the signatures of a majority of the Selectmen would be necessary before a bill for permissive legislation could be brought before the State Legislature. Selectman Sands made a motion, seconded by Selectman MacRae, that the Selectmen approve the petition. Selectman Statuti stated that he would vote for the approval of further dredging of the Ipswich provided that there was included in the article that will be presented at Town Meeting, that any contract signed by the Commonwealth of Massachusetts for further dredging of the River must have the approval of the Selectmen. As all members of the Board present agreed to this, it was unanimously voted. The Selectman stated that they were not signing as an approval of the dredging project, but simply to

give the people a chance to vote on same.

It was decided that letters be written to all Boards and Committees that, in accordance with the By-Laws, all reports to be inserted in the Annual Town Report shall be submitted to the Town Clerk, and a copy to the Selectmen, by January 10th. Reports received after this date will not be printed in the Annual Town Report.

Selectman Doten commented on the work done by the Town Meeting Study Committee regarding an Enabling Act, and suggested that a letter be written to said Committee to continue their work by filing an Enabling Act in the next session of the Legislature. A letter was written to John L. Sargent, Chairman of the Committee, requesting that they meet with the Selectmen on January 12th to discuss the matter further.

Selectman Doten stated that he would like the Board to meet with the Fire Chief to discuss his budget. A letter was written requesting that Chief Sweetland meet with the Selectmen on January 12th. Theodore Tarbox met with the Board in regard to the article to be inserted in the Town Warrant concerning the taking over of the Building on the Common by the Legion and the VFW.

There was some discussion of a new act of the State Legislature which states that the Selectmen shall annually appoint a superintendent for pest control.

There was a discussion of additional office equipment which the Board expects to purchase. Town Accountant Harry Jones informed the Board that there was \$172.00 left of the amount which was voted at Town Meeting for partitioning a new office and purchasing office equipment for the new quarters.

Selectman Statuti made a motion that, in order to control all signs on any road over which the Selectmen have jurisdiction, that all licenses should contain the following statement: "There shall be no signs erected on any place of business unless written approval of same has been received from the Board of Selectmen." The motion was seconded by Selectman MacRae and voted unanimously.

The Board received a request for dancing from the Hillview Country Club for a wedding reception on Sunday, January 8, 1961, from 4 p.m. to 10 p.m. Upon a motion made by Selectman MacRae and seconded by Selectman Statuti, the request was unanimously granted.

Selectman Doten made a motion that the Town Counsel be instructed to investigate the Law passed by the Massachusetts Legislature wherein Towns may be reimbursed for Public Library Expenses, and find out whether or not funds are due the Town of North Reading. The motion was seconded by Selectman MacRae and voted unanimously.

SIDNEY KAISER NAMED CHAIRMAN

WILMINGTON - Mr. Sidney R. Kaiser, 7 Cottage Avenue, Wilmington, has been appointed chairman of the March of Dimes 1961 campaign in Wilmington. It was announced today by Edward Owens of Lowell, Middlesex County, North Campaign Director.

In accepting the appointment as director of the campaign force in Wilmington, Mr. Kaiser said that he and the other men and women volunteers are working energetically on the January drive for funds.

"The 1961 campaign will emphasize the large amount of hospital

bills still unpaid, bills which have accumulated the years since the 1955 epidemic when Middlesex County had 908 cases of polio," Kaiser declared.

"The residents of Wilmington will get behind this drive as they have in the past, especially because it is largely for children who have been hit in larger numbers with the dread disease of polio," he added.

Mr. Kaiser will appreciate hearing from all persons who wish to volunteer their services for the 1961 New March of Dimes campaign.

POST OFFICE NOTES

The patrons on all routes (except R.F.D.) are urged to use their house numbers on all correspondence. This is a very important factor in the delivery of mail in Wilmington. If there is a question as to the correct number of your house, a check at the town hall will solve that problem.

On Saturday, January 7, the following changes will occur in carrier delivery service in Wilmington-North Wilmington Post Office.

In the following named streets patrons will place

the penicillin to cure 5,080 children of yaws, a crippling tropical disease;

the antibiotics to save 1,270 children from the blindness of trachoma;

the DDT to protect 2,032 children against malaria for a year;

the sulfone to treat 254 young leprosy victims successfully for 3 years;

FROM THE EDITOR

The national political campaigns are now completely over and the town politics take precedence. Nomination papers are being passed from hand to hand. We have seen and heard many people who consider themselves to be worthy politicians and yet when this time rolls around each year, these would-be politicians seem to run out of gas instead of running for office. It is very true as time has proven, that the incumbent usually stands the greater chance for re-election than any relative newcomer. However, those who now hold office were at at one time new comers....From this vantage point it appears that the hottest campaigning will be done in North Reading....There are many issues in this coming election which will definitely determine the economic growth of that town. It would appear that someone, somewhere in that particular local government, has not been working to their fullest capability for the betterment of the community. All this, of course, we shall find out in the next few weeks....Interesting note....Possible Ambassador Bonfanti (?) that gay Sicilian gentleman who holds court on Route 28 in North Reading, is going to the Inaugural Ball. He will, no doubt, have one....Meanwhile, back in North Reading, Moose Lodge #1511 will hold its 6th Annual Anniversary banquet - that's Friday night, January 20th at the Hillview Country Club. Wes Baker, a Wilmington resident, and Governor of the Lodge, feels it would be great if the members in the CRUSADER area would get their tickets now - early - before the last minute rush. Boy, things are popping in Wilmington. We hear of a tremendous development coming into the southernmost section of town. Probably not too soon, but not too far, either. We have the inside scoop. We will let you know later....The Wilmington Selectmen have not issued their budget as yet, the reason being the books are still being audited. That's good. Because then the budget will be straight. Why try to rush them?

Ruth Boudreau, #1 member of the Crusader Staff, isn't feeling tops. Hurry back, Ruth....We see the damper has been placed on the all-night-life of some of the boys in Reading!....Another huge industry, if you wish to call it that, is going up in Burlington in the near future....Suggestions: Wouldn't it be wonderful if parents would make their children wear white after dark, especially on dimly lit streets as are located in this general area. So many accidents are caused and so many people are hurt because drivers cannot see them. We must protect the children. The best way after dark is for them to wear clothing which is light and easy to see....If anyone is going to drive anywhere this weekend, a good piece of advice.... Use a Car!

Taking his first oath of office as President, George Washington originated the practice of concluding his most solemn promise with the words "So help me God." This month another President will take that oath and use those words.

Without exception, every President of the United States has acknowledged the Fatherhood of God over all men, and has publicly recognized the dependence of this nation on Almighty God. In their inaugural addresses and prayers, especially, has this been evident. President Eisenhower said: "In our quest of understanding, we beseech God's guidance." President Franklin D. Roosevelt prayed: "We humbly ask the blessing of God...May He guide me in the days to come."

The Presidents of this nation have, moreover, translated their religious faith into worship with their chosen congregations. Seeking God's guidance and help to bear the burdens of the highest office in the land, the Presidents have sought it not only in the silence of their hearts but also in the silence of "our holy and our beautiful house," as Isaiah describes the Sanctuary of God.

Seeing the inauguration of a new President, millions of Americans will again witness a testimony to a personal religious conviction as well as a public expression of the faith of the American people. Supreme Court Justice William O. Douglas said: "We are a religious people, whose institutions presuppose a Supreme Being." As the Religion in American Life Program urges, "Find the strength for your life...worship together this week."

Maligne Coffee Cake Needs Day-Old Bread

"Maligne Lake Coffee Cake" is just what the Doctor orders when one visits mile-high Maligne Lake in Jasper National Park, Alberta, right in the heart of the Canadian Rockies, says Mrs. Iris Betkowski, the English-born wife of the leading medical man in the vast Canadian Rockies' National Park which is larger in area than the State of Connecticut.

"Doctor George," as Iris' husband is popularly known, is not only a private practitioner but he attends to the medical needs of the guests of the swank resort, Jasper Park Lodge and the scores of Canadian National Railways employees in the Jasper region. He is known in the Mountain Country to be "mighty fond of plain but good desserts," Iris says.

So, Mrs. Betkowski, working with Major Fred Brewster, internationally-famed mountain guide and outfitter, whipped up a specialty which they dubbed "Maligne Lake Coffee Cake."

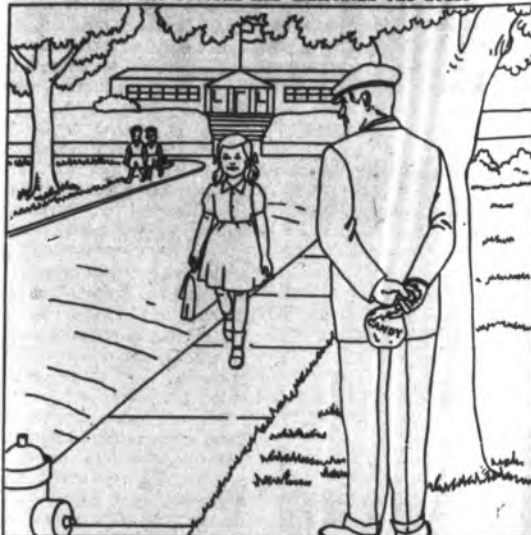

"Doctor George" goes for this in a big way and so does most everybody else—once they've tasted it. And this cake is "out of this world," says Ted Van Dyke, manager of Jasper Park Lodge and a connoisseur of gourmet food.

Van Dyke insists that to be properly enjoyed, a good cup of tea—and never mind the cream, and sugar—should be served with

Maligne Lake Coffee Cake
Cut the crusts off top, sides, ends of day-old loaf bread. Cut loaf in half lengthwise and then cut each half into ten or twelve cubes (not cutting right through to bottom). Cream one-quarter pound butter and one-half cup brown sugar with one tablespoon cream; spread this mixture over top and sides of loaf, also put a little between each cube. Spread a little more on the top than sides. Sprinkle the top with finely chopped walnuts and cinnamon. Bake in loaf pans, hot oven (450° F.) 20 minutes.

SHORT CIRCUITS in Wilmington

Dr. MacDougall called me last week, asking that I further clarify a statement made here in regard to the number of doctors in town last Wednesday.

Whenever someone makes an unkind remark about me, whether it be a friend, enemy or another newspaper, I usually feel -- "the less said the better" -- the issue "dies" quicker that way. However, this man is the only doctor I have utilized (except for rare occasions) for the past twenty years -- he ushered each member of this army

into the light of day, has seen them through their various ills and ailments ever since and since he has yet to make an incorrect diagnosis on "me or mine" I have no reason to doubt his judgement in this case and I will take his prescribed treatment for what he terms my "unfair" condition.

When this man left town on Monday (the day after Christmas) his general practice was in the hands of one whom he firmly states is an extremely competent physician and his maternity cases he left to a specialist. Since he pays a goodly sum each month for answering service simply to keep himself available and makes every effort to "come when called" and since he feels that most of his fellow medical men follow these same patterns, he states that I have done him and several of his colleagues a grave injustice -- therefore -- my case.

I was wrong in part, there was not just one doctor here on Wednesday of that week -- there were two plus the Woburn man who was covering my own doctor. Since I was unable to reach the "stand-in" and one of the men here does not administer to young children -- I came up with the disputed figure -- 1.

If, in last week's column, I "stomped" on feet which have "stood-by" me, this was not my intention, my one purpose in making the statement I did, was to give credit where I firmly believe credit is due.

Dr. MacDougall's phone call illuminated one fact which may surprise some -- he not only cares how you feel -- he is vitally interested in what you think.

On Friday, January 13, there will be a meeting of Cub Scout Pack 56 at the Congregational Church at 7:30. This will be the Pack's registration night and it is requested that at least one parent attend with the boy. Den mother and committeemen are also asked to be on hand.

The regular meeting of Chapter 507, N.A.R.C.E., will be held in room 16, Community Center, Sanborn St., Reading on Friday, Jan. 13 at 2:30 p.m.
A business meeting will be held, with appointments made for committees to serve during 1961. This will be followed by a social hour and light refreshments.

The new executive committee of the Wildwood Parents Club met at the home of Mrs. Hunter on Thursday evening to consider plans for raising funds to carry out the program that the club has sponsored in the past years.

Those present were: Mrs. Simmons, President; Miss Folkins, Vice President; Mrs. Hooper, Program Chairman; Mrs. Hunter, Secretary; Mrs. Evans and Mrs. Pine Publicity Chairmen and Mrs. Mrs. Surrrette, Membership Chairman.

Everyone was enthusiastic about adding to the inadequate treasury balance through a traveling cake sale which would involve all the mothers of students attending the Wildwood School.

Details are now being worked out and plans will be announced shortly.

Mr. and Mrs. Robert Syvertson of Wilton Drive are happy to announce the arrival of their son, Robert Laurence. The youngster was born at Winchester Hospital on December 31.

Grandparent honors are bestowed upon Mr. and Mrs. Laurence Melzart of Lake St., and Mrs. Helen Syvertson of Morse Ave.

Friends and relatives are happy to see Patsy out and about again. Don't forget that big whist party which is coming right up -- sponsored by St. Thomas Knights of Columbus. It will take place on Jan. 19 at Villanova Hall.

The Shawheen Roamers, newly formed chapter of the New England Family Campers Assn. held their third meeting of the season at the South Side Boathouse at Nuttings Lake on Sunday, Jan 8 at 2 p.m.

Following the business meeting, the group was addressed by several interesting speakers, including Dick Williams, Executive Director of the Camper's Assn.

Any person interested in joining the chapter may obtain more information by calling Tina Hancock at OL 8-3024 -- the welcome mat is out to all campers.

The Christmas Tree on the common was the products of the efforts of many -- it was donated by Herbert Barrows, erected and decorated by members of the Tree Dept. and taken apart again by various malicious vandals.

The tree was taken down a little early this year in order to have a few bulbs left for next Christmas. It has been estimated that nearly 80 bulbs have been taken -- most of them just broken on the ground beneath the tree.

The League of Women Voters will hold a general meeting on January 25, 8 p.m. at the Little School, as part of its program to acquaint voters with the various departments of the Town Government. This is the second annual 'Introduction to General Government' and it will be open to the public.

In attendance to speak of their duties and responsibilities will be a representative of the Board of Assessors; Herbert Mosher of the Board of Public Welfare, and Miss Elizabeth Batchelder of the Board of Library Trustees. Following the speakers there will be a question and answer period.

All members of the Conservation Commission were present at a meeting held

Thursday evening. A report was given on the meeting with the Reading Conservation Commission by those members who had attended.

The Commission has decided to further study the pros and cons of the value of the proposed dredging project of the Ipswich River. This directly concerns the Commission as the river is one of North Reading's natural resources.

The three sergeants on the North Reading Police Force have been notified of their marks on the qualifying Civil Service examination taken three months ago. The marks are as follows: Sgt. Ellsworth Crosswell, 89.20; Sgt. Horace Griffith, 88.00; Sgt. Albert Hurst, 79.02. The final mark is made up of the results of

the written examination, plus points for length of service with the department. Sgt. Griffith was appointed as a special officer in 1934, as a regular officer in 1952, and as sergeant in 1955. Sgt. Crosswell was appointed as a special officer in 1943, a regular in 1952, and as a sergeant in 1957. Sgt. Hurst was appointed as a regular officer in 1956 and made a sergeant in 1957.

For those who wondered at the weird sound here last Friday about noon... it was the Civil Defense siren in Lynnfield which was being tested. Must have been the way the wind was blowing that made it sound so loud in town.

North Reading residents who missed the Bloodmobile visit to North Reading on November 1 are reminded that the Bloodmobile will be stationed in Reading on January 19, at the Congregational Church on Woburn St. between the hours of 12:45 and 6:45 p.m. Baby sitters will be available and transportation will be furnished if necessary.

For appointment call the Red Cross Office, 944-1975 during the day; or 944-2194 and 944-3549 evenings.

Political aspirants are reminded that the deadline for turning in nomination papers is 5 p.m., January 30, 1961.

Town Clerk Ruth Sullivan has announced the following dates for registration of voters: Wednesday, Feb. 8, 7:30-9 p.m.; Friday, Feb. 10, 7:30-9 p.m.; and Tuesday, Feb. 14, 12 noon to 10 p.m. Registration takes place at Town Hall.

The Upland Club will hold its annual Scholarship Day January 19 at 1 p.m. at the parish hall of the Union Congregational Church. A coffee hour will precede the business meeting. Following the business meeting there will be a fur fashion show under the direction of Mrs. James Buckingham.

Hostesses for the meeting will be Mrs. Walter Staples, chairman; Mrs. Roy Long, Mrs. Conrad D. Leighton, Mrs. Norman Eisenhour and Mrs. Lewis Vorillas.

Congratulations to Bobby Black, 11 year old son of Mr. and Mrs. William Black, 3000 Pond Road, on winning the Eastern Figure Skating crown at West Orange, N.J. last week. Bobby, who has been training at the North Shore Skating Club in Lynn for the past two years, placed second in the New England competition about two months ago.

Selectman Malcolm MacRae is proudly displaying invitations to the Inaugural Ball and the Inauguration. He hasn't quite decided whether he will be able to attend.

Nice to see Mrs. Madeline Byrnes, secretary to the Selectmen, back on the job again Thursday eve, looking very fit and rested. She had been confined to her home due to illness.

North Reading was well represented at the State House last Thursday. Selectmen Statuti and MacRae, with Police Chief E. Hudson Rodgers, had front row seats at Governor Volpe's inauguration.

The general alarm was sounded last Wednesday when 8-year-old Robert McNabb, son of Mr. and Mrs. Robert McNabb of 13 Marshal St., was reported lost in the woods near Chestnut Street shortly after 5 o'clock. However, seventeen minutes later the boy was found on Chestnut St. He had found his way out after following the direction of some house lights.

Firefighters Orben and Smith, with auxiliary police officer Burke were searching the area in the jeep when they came across the boy.

Extreme confidence was displayed by the two members of the Board of Selectmen up for re-election in March when they, with the other selectmen present, decided to order name plates for their desks. The mystery of where Mrs. Byrnes will sit when all Selectmen are present has been solved as a table has been ordered for her which will match the Selectmen's new desks.

FLASH!! Selectman MacRae has decided. He and Mrs. MacRae leave Monday for a week in Washington, to take in all the inaugural events. This should be a week to remember!

Have you seen the 'Influential Americans?' Then plan to be at the High School auditorium on Thursday, January 19 at 8 p.m. At that time the North Reading PTA will combine to sponsor the showing of the 'I A', an hour-long television documentary devoted to progress in education and the vital role of teachers in American life. A large turnout is hoped for in this most worthwhile endeavor of the PTA's.

It was most edifying to hear that at the regular meeting of the local VFW the film 'Operation Abolition,' a special documented film on the subject of Communist propaganda and infiltration in the United States, was shown.

This organization could undertake no more worthwhile project than to alert its members, as well as the general public, to the danger of this creeping paralysis that is slowly crippling the world. It would be well for other organizations to emulate the example of the VFW.

There will be two showings, Friday, Jan. 13 at 8 p.m., and Saturday, Jan. 14 at 2 p.m., of the movie, 'A

FLASH!! Selectman MacRae has decided. He and Mrs. MacRae leave Monday for a week in Washington, to take in all the inaugural events. This should be a week to remember!

Have you seen the 'Influential Americans?' Then plan to be at the High School auditorium on Thursday, January 19 at 8 p.m. At that time the North Reading PTA will combine to sponsor the showing of the 'I A', an hour-long television documentary devoted to progress in education and the vital role of teachers in American life. A large turnout is hoped for in this most worthwhile endeavor of the PTA's.

It was most edifying to hear that at the regular meeting of the local VFW the film 'Operation Abolition,' a special documented film on the subject of Communist propaganda and infiltration in the United States, was shown.

This organization could undertake no more worthwhile project than to alert its members, as well as the general public, to the danger of this creeping paralysis that is slowly crippling the world. It would be well for other organizations to emulate the example of the VFW.

There will be two showings, Friday, Jan. 13 at 8 p.m., and Saturday, Jan. 14 at 2 p.m., of the movie, 'A

Mr. Richard Fortier of Shaw- sheen St. recently returned from Miami Fla. where he attended the Orange Bowl game on New Years Day. Of quite a bit of interest to your reporter, Dick called and related one high point of interest encountered on his trip, seems as though there were two lads from Mass. who had a breakdown and it was eminent the two lads were going to miss the game, when lo- and-behold, who should come along but our newly elected Governor Volpe who took time to supply the boys with transportation and a police escort. Needless to say the two lads from Chelmsford will never forget this thrilling experience. Lucky Dick, he not only had an opportunity to shake hands with Gov. Volpe, but also had the pleasure to be seated near the Pres.-Elect throughout the game.

The Tewksbury Junior Basket- ball League which was so success- ful last year in teaching the fun- damentals of hoop play to youngsters will get started for another season Sat. morning at the Tewks. Mem. High School gym. Applica- tions for boys to compete and obtain parental permission to partici- pate in the league are being made available in the Tewksbury public schools today and Friday, and will be available at the school gym on Saturday morning for others who do not receive them in advance. Coach Charles Byrd of Tewksbury High who was one of the principle cogs in the forming of the junior hoop loop, has called a meeting for tonight at 8 o'clock at the High School for all men of the Town who will assist him in conducting the league. Many mem- bers of the Tewks. Men's Club and other public spirited men who are always connected with worthwhile youth betterment projects aided Coach Byrd last season and he asked that they do likewise this year. In giving time on Saturday mornings to aid in teaching and handling the boys. The program is open to all boys in the 10 to 13 year old age range and are residents of Tewksbury.

NEW SATURDAY MORNING TV SHOW

There's something unique going on every Saturday morning on TV. In these days when almost any congl- meration of video enter- tainers is ballyhooed as a "special"-it's refreshing to find a show aiming at a SPECIAL AUDIENCE.

The subject at hand is programmed strictly for people who work the land--so if you're not interested in or involved in farming--you can cut out right here. We're talking about NBC-TV's morning perker-upper, "Today on the Farm." At seven in the morning on television you might expect to see some muscle-bulging setting-up exercises or a 1932 Edmund Lowe movie or a TV test-pattern. "Today on the Farm" bears no resem- blance to any of these.

Eddy Arnold, the popular RCA-Victor recording star, is the host of this special. He keeps the pot perking at a fine clip.

But there's more to "Today on the Farm" than just chat- ter and song. Mal Hansen, who knows his way around any man's farm, is on hand to present filmed reports of field and laboratory ex- periments from all over the nation aimed at improved farming methods.

In addition to Mal's per- tinent pictures and words, this network rise 'n shiner offers Carmelita Pope ex- ploring the women's world from rural homemaking to fashions and beauty. And she's pretty enough to take the sleep out of any man's eyes--even at seven a.m.

But probably the most popular item in this half hour show is Joe Slattery's weather forecast. This is no routine "Tomorrow--high winds and snow, followed by small boys with sleds," type of prognostication. It's a real blow-by-blow forecast (no pun intended) for all parts of the country. Slattery not only tells viewers what to expect during the coming week; he projects the weather picture a

"I know they're too large-- but how do you like them otherwise?"

couple of months ahead to help the farmer plan spring plowing, etc.

Slattery doesn't depend on any misty crystal ball or even a trick knee for his forecasts. He gets the weather picture direct from Dr. Irving P. Krick & Associates in Denver, Colorado. This company has a batting average in forecasting met- eorological conditions second to none. Dr. Krick is the man who called the shots for the Allied High Command on the D-Day invasion of Normandy. More recently he accurately pre- dicted the snow conditions

at Squaw Valley for the Winter Olympic Games. The Krick people combine science and experience with electronic computers to tell farmers from coast to coast the most important news they need: the weather forecast.

The people who foot the bill for TODAY ON THE FARM are Massey-Ferguson Ltd., the outfit that makes all those tractors, plows and combines. This makes it pretty plain why they're putting on a show that's strictly for farm folk. Extensive research has re- vealed they don't sell many tractors and farm rigs to

people in apartment houses and city suburbs.

WILMINGTON SELECTMEN MEET

WILMINGTON: Selectmen held their regular meeting on Monday evening with four members present.

Mrs. Lattuca of Maynard appeared before the board to request release of a bond held by the town on land now owned by her, most of which (since the moving of the boundary) is now located in North Reading.

Mrs. Lattuca explained that she wishes to improve this site, from which gravel has been removed, so as to entice industry to the area. Because Mr. Stevens, the town engineer, had agreed that the bond should be released, the board moved to do so.

Several members of the board voted to attend a testimonial banquet to be held for Ralph Currier on Jan. 27 at the Hotel Kenmore. Mr. Currier is about to retire from his position in the office of the Secretary of State. Among other dignitaries planning to be present are Mayor Collins of Boston and Kevin White, our newly-elected secretary of state.

Mr. Currier has served Wilmington for many years in various capacities, including the office of Moderator and a position on the finance committee. Therefore, the board felt it would be most appropriate for all or part of them to attend the banquet.

Mr. Rounds (the father of the Hathaway Acres Development) met with the board to discuss the possibility of removing gravel from the area of Hathaway Rd. in order to extend a street and build more homes.

The board could see no reason for denying this permit, but must have it cleared with the Planning Board and the town engineer before taking any action.

Mr. Black insisted that some agreement be made, before granting Mr. Rounds any more privileges for the improvement of the lot at the corner of Hathaway Rd. and Woburn St., which he feels has been its present "disturbing" state just about long enough—approx. 10 yrs. Mr. Rounds stated that the loan piled there is for use

in installation of lawns on the houses he now proposes to build and that the lot has been left vacant all this time for a twofold reason—storage and the possibility of a store located there.

The possibility of holding a special town meeting prior to the March meeting for the purpose of rezoning two sites for new industries which desire to locate here was discussed with Mr. Fitzmaurice of the Planning Board.

Mr. Fitzmaurice felt that because public hearings are to be held early in February for the rezoning articles which are to appear at the annual town meeting, time is growing very short for conducting a special. However, it was decided that as one of the proposed industries (the names and nature of which have not yet been disclosed) would like to break ground by March 1, the matter will be discussed further.

A request for permission to install an underground tank for storage of 1000 gallons of gasoline at the office of Leon Hurd on Main St. caused a good deal of discussion. Selectmen fear that the installation of such a device and the naming of this "second-hand" trailer as an office will open the door to other such establishments locating along our main thoroughfare. However, Mr. Anderson (the building inspector) stated that under our zoning by-laws the vehicle is being utilized for what he terms, a "permitted use." He also stated that Mr. Buzzell agreed with his decision and displayed a letter to prove his findings.

The question of whether or not the Board of Health would pass this office was brought up, and the matter was tabled for further discussion.

Mr. DeFelice requested that Mr. Anderson check into conditions in a barn owned by Paul Godzyk which neighbors fear is a fire hazard and a general nuisance to the area.

The building inspector came mildly to the defense of Mr. Godzyk and surprised this writer somewhat. Con-

trary to many reports heard Mr. Anderson seems quite reluctant to "lower the boom" on Mr. "Average Citizen". He stated however that he would look into the matter, as his last visit to the barn had been some four months ago. He said that at that time there was very little to constitute a fire hazard, but that things may have changed since then, and that he would definitely check.

It was voted that letters of commendation would be written to the Fire Department for the work done by them in saving the Buzzell School from total destruction by fire some two weeks ago; and for the lovely display of Christmas lights on the station this year. It was stated that the firemen made their own decorations and any money used came from their own Firemen's Assn. Funds. There is no town money involved in this effort, except perhaps for the electricity.

Members of the Historical Society were named during the meeting. These will include Harry Deming, Mrs. Larz Neilson, Harold Melzar, Mrs. Philip Buzzell and Mrs. August McLeod.

A public hearing will be held at the next regular meeting (Jan. 23) to grant permission for power lines to pass over Route 125 in Wilmington. This is a rather amusing situation as the power line has been there since "just about forever" and the road was built under it. Now a hearing is necessary for the wires to be given permission to pass over where they have always been.

Jan. 1, 1863—President Lincoln signed the Emancipation Proclamation.

Jan. 9, 1929—"The Seeing Eye" was incorporated to train guide dogs for the blind.

Jan. 12, 1896—The first X-ray photograph was made at Davidson College, N. C.

Jan. 23, 1909—Radio telegraph first used to save lives on a sinking ship, the S.S. Republic.

North Reading and Reading Senior Girl Scouts have formed a Senior Council, to plan joint activities, mainly social, for the Seniors of both towns. North Reading Senior Troop 65 has chosen Donna Ferrell and Laura Strong as their representatives, with Terri Suyamatsu and Leslie Nadeau as alternates. The first meeting of the Council has been planned for January 14.

Attendance at 8 of the 10 classes is necessary to be accepted into church membership. Those interested may contact the Church Office or be present at the first meeting.

Explorer Post #731, together with Wakefield Posts #701 and #703, is participating in an aviation and navigation course being sponsored by the U.S. Air Force at Hanscom Field, Bedford. There will be 8 sessions in the complete course, and it is expected that the boys will be taken up for a flight at the end of the course. Enthusiasm for the course is running high!

Members of St. Theresa's CYO will receive Holy Communion in a body at the regular monthly CYO meeting which will be held at 7 p.m. Sunday evening at St. Theresa's.

There will be a meeting of the Hood School PTA on January 17 at 8 p.m. at the Hood School. Part of the program will consist of a film, "The Big Bounce," which concerns "Project Echo," the satellite balloon which was visible in our skies some time ago. School principal Vivian Eisenhaure will also show slides.

The regularly scheduled meeting of the North Street School PTA on January 18 has been called off so members may attend the showing of "Influential Americans," the documentary educational film being sponsored by all the PTA's in Town on January 19 at 8 p.m. in the Daniel Shay Auditorium at the high school (mentioned elsewhere in this column). North St. PTA president Martin J. Connolly urges PTA members to see this enlightening film.

The old cliché, it never rains on a golf course, would apply to one local golf enthusiast with a twist. Despite the snow covered links, one ardent fan was observed making his way around the holes.

CRUSADER JANUARY 12 1961

STRIKES
& SPARES

Well, here we are in 1961 and looking forward to seeing all sorts of new records made in bowling. Congratulations and best wishes to Paul and Bonnie Skidmore of Burlington on their 25th wedding anniversary on Jan. 1. Active in three leagues, they had many acknowledgements from their fellow bowlers.

Many of us were saddened by the news of the death of Herbie Berman's wife on Dec. 24. Herbie is a very well known kegler in many cities and towns and our sympathies are extended to him.

I. Ben Snupen tells me there was a little controversy the other night in the North Reading Men's League. WAS IT OR WASN'T IT? was the big question. Jack Hoy and Johnny Eramo were the debaters on the subject of whether or not Jim Goodwin fouled on a spare. Well, gentlemen, I think it all could have been solved by checking the rules on just what constitutes a foul! Joe Baratz, while bowling with some friends the other night rolled a 601 for a 5 string total. Best bowling we have seen in a long time around here.

The Bowl-A-Way Lanes in Burlington are having a TV Roll-off open to any male, on the cast of "The Gazebo", the next production of the Quannapowitt Players, has been selected. It includes William Hurd, James Lawthers, Margery Whitte, Evie Holmes, Sumner Blanchard, Jack Green, Milton Copp and Robert Hassinger. Donna and Paul Mich will direct.

The amateur theater group gives three plays a year. They do all their own make-up and design their own scenery. Workshops to help improve dramatic talent are held regularly. The group prides themselves on the fact that there are no stars in their midst. The leading actor or actress in one production may design costumes for the next play.

The weekly maximum rates for the Police and Fire Chiefs will be increased from \$135 to \$155 per week if the proposed wage schedule sought by the Board of Selectmen is approved by the annual town meeting.

Other proposed increases for maximum rates include: Lieutenant, \$125 - \$130; Sergeant, \$110 - \$115; Patrolman-Inspector, \$100 - \$105; Patrolman, \$95 - \$100. Fire Department: Deputy Chief, \$125 - \$130; Captain, \$110 - \$115; Lieutenant, \$100 - \$105; Private, \$95 - \$100.

Forty-six fewer homes were built in Reading in 1960 than in 1959 and nine more home owners made improvements on their dwellings. The figures were revealed in the 1960 building permits.

Estimated construction costs for the year are \$2,597,445 or \$614,225 less than the estimated costs for 1959.

A request by six doctors to have snow in front of their offices removed was denied by the Board of Public Works. The Board felt that other doctors and dentists in the town would seek the special service, which would add a considerable cost to the town.

The petitioners were Dr. Anthony V. Nigro, Dr. Charles R. Baisley, Dr. Edward B. Doherty, Dr. G.E. Hinnendael, Dr. D.A. MacDougal and Dr. Merle W. Westcroft.
